

Superior StreetSiren Plus Jeweller

Wireless siren with advanced sabotage protection and an extended list of compliance certificates. For outdoor and indoor use.

This is the device of the Superior product line. Only accredited Ajax Systems partners can sell, install, and administer Superior products.

Four missions, one device

- The alarm scares off intruders and attracts attention
- Security status indication notifies users of the system being armed/disarmed and delays when entering/leaving
- The users are informed by the Chime feature if opening detectors are triggered when the system is disarmed
- After-alarm LED indication shows users and passing patrols if there were alarms in the system

Jeweller communication technology

- Up to 1,500 m (4,900 ft) of radio communication in an open space
- Data is encrypted throughout the transmission process
- Regular polling to display current device statuses

Sabotage resistance

- Tamper alarm²: a holding screw and SmartBracket
- Device authentication to prevent spoofing
- Durable enclosure
- Jamming detection

Adjustable alarm alerts

- Selectable sound patterns
- Group mode for the siren to respond to alarms and security mode changes in its assigned group only
- Adjustable volume¹ of alarm and notifications: from 85 dB to 107 dB
- Adjustable alarm duration: from 3 s to 3 min

Uninterrupted operation

- Pre-installed batteries: ready to use for immediate operation
- Up to 10 years of battery life: ensures long-term low-maintenance performance
- Low battery notifications 30 days before the full discharge to allow for timely maintenance

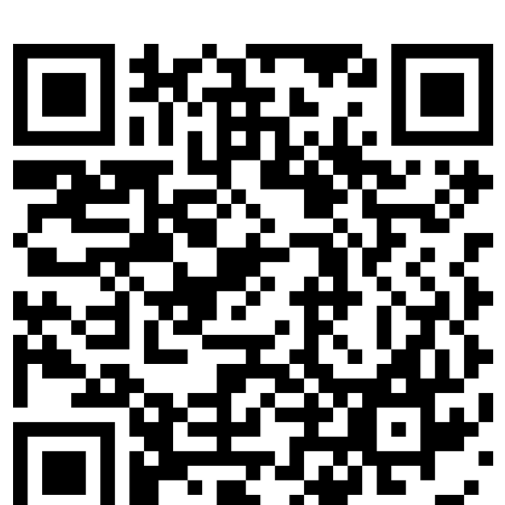

Easy installation

- Pairing with the system via a QR code
- The SmartBracket mounting panel for installation without disassembling the enclosure
- Bubble level to check the inclination angle of the mounting during installation
- Remote control and configuration in Ajax apps
