Networking / Accessories

PFT1300

DAHUA

Features

- Branded

- POE extender

- Increase the PoE range

- IEE 802.3 af/at

- Passive power

- Output power 15,4W

- 10/100Mbps ports

Specifications

Brand	Branded
Ethernet ports	1x10/100 Base-T PoE power receiving port 1x10/100 base-T PoE power supply port, supply power for the next extender 1x1*10/100 Base-T PoE power supply port, supply power for IPC
Transmission distance	Combined with PFT1200 it is possible to cascade connect 2 extenders to power up to 3 IP devices with a maximum of 300 meters, while working on its own it is capable of powering up to 2 IP devices with a maximum power of 8W each.
Consumption	<3W
Humidity	10%~90%
Temperature range	-30ºC ~ 65ºC
Weight	57g
Dimensions	79mm x 52mm x 23mm
